2022 Annual Care Checklist

Nothing is more important than your health. That's why you can count on UnitedHealthcare® to help you get the care you need, when you need it. Take this checklist to your next appointment.

Good preventive care helps catch health issues early when they may be easier to treat. Have this checklist handy at your next appointment. Together, you and your primary care provider (PCP) can decide which tests and health care services are right for you. Recommended preventive care services may include the following¹:

| Once a year | Date done | As needed | Date done |
|--|-----------|---|-----------|
| Flu shot (every flu season) | | Colon cancer screening (for adults age 50 or older) | |
| Vaccine review (see what shots you may be due for) | | Hepatitis C virus infection screening (for people at high risk | |
| Annual wellness visit/ routine physical | Date done | and a one-time test for adults born between 1945–1965) | |
| Blood pressure check | | Mammogram screening (every year starting at age 45; | |
| Head-to-toe examination | | starting at age 45, starting at age 45, starting at age 55, it can change to every other year²) | |
| Height, weight and body mass index (BMI) | | For people with diabetes | Date done |
| Lifestyle screening check such as alcohol use, help quitting tobacco and healthy eating, if applicable | | Exam to detect diabetes-related eye issues Exam to detect | |
| As recommended by your PCP | Date done | diabetes-related foot issues | |
| Cervical cancer screening (Pap smear) for women ages 21–65 | | Hemoglobin A1c (HbA1c) LDL cholesterol | |
| Cholesterol screening | | | |
| Dental exam | | Statin medication, if clinically appropriate | |
| Bone mineral density test to screen for osteoporosis | | Tests to monitor for kidney disease | |
| Eye exam | | | |
| Fasting blood sugar screening | | See back for important topics to prepare for your next appointment. | |
| Hearing exam | | | |

Important topics to discuss with your PCP

Prepare for your appointment by filling in the information below. Then, write down recommendations your PCP has about these topics and treatment options during your visit.

| Medications | | Tests and treat | tments | |
|---|--|---|--|--|
| Write down your prescriptions, over-the-counter medications, supplements and vitamins you're taking, or having difficulty taking. Ask: Am I taking them correctly? Are there any side effects? Is there a lower-cost option? | | appointment • When can • Will I recei | s ordered during your t. Ask: I expect results? ve a follow-up call? a follow-up appointment? | |
| Care team | | Mental health | | |
| List any specialists or other providers you see. This will help your PCP coordinate your overall care. | | Discuss your mental health with your PCP. Let them know if you're feeling sad or blue, or are having difficulty sleeping. | | |
| | | Or, discuss challenges you're experiencing in planning, or memory loss that disrupts daily life. | | |
| | _ | Physical health | | |
| Health evaluations | | including if y | r physical health with your PCP, rou're experiencing pain that interferes gular activities, work or social life. | |
| Risk of falls | Bladder control | | Physical activity | |
| I have had a fall I have problems with balancing or walking I don't have problems with balancing or falling Other health concerns | I have probler bladder control I have probler leaking of urir I don't have bl or urine leaka | ol ns with ne ladder control | Start exercisingIncrease exerciseMaintain current exercise level | |
